

PP WOVEN BAG

REEL TO REEL BAG MAKING MACHINE

Main Feature

- A. Printing-Tubing-Cutting-Sealing all in one
- B. Suitable for Paper bag, PP woven bag with lamination
- C. Reduce manpower requirements.

Printing part

- A. Max. Web Width : 1200 mm (Max)
- B. Max. Printing Width : 1170 mm (Max)
- C. Printing Station : 4 station
- D. Reverse Printing: : 0+4
- E. Printing repeat Length : 400 ~ 1000 mm

Tubing part

- A. Processing Fabric Width Before Tubing : 700 - 1200mm
- B. Tubing Width : 430 - 600 mm
- D. Gusset Of Fording In Depth : 40 - 90 mm.

Cutting & sealing part

- A. Cutting width : 400 - 600 mm Applicable
- B. Cutting Length : 600 - 1250 mm Adjustable
- C. Sealing strip width : 55mm. or 65mm
- D. Output : 30~50 PCs /min.
